Lou,

I have a number of comments. Mostly suggestions to delete some sentences or phrases in the first draft of the letter itself. The only comment on the attachment is I might change a verb tense in the response to point 5 in the attachment, to say "will" given the draft is not public yet.

Re Dan Morgan, I have a hypothesis: <https://www.niehs.nih.gov/research/atniehs/labs/tob/general/staff/morgan/index.cfm>
If that is who it is, his name might be on the NTP report on the mouse model and Kris might know him?

Hi gang,

Take a look. First draft of a response to ACC. Incoming letter attached as well. Edits sooner rather than later would be greatly appreciated.
